[Premier Care for Women]

Premier Care for Women is “Health Care For Women By Women.” All of our physicians are board certified by the American College of Obstetricians and Gynecologists. Our physicians strive to offer the best and most innovative advances in gynecological care. As specialists in women’s healthcare, we offer preventive services for the well woman, treatment of menstrual irregularities, management of menopausal symptoms in the perimenopausal and menopausal woman, and hormone replacement therapy tailored to an individual’s needs. Our range of contraception management includes IUD insertion and removal, Essure, and oral

contraceptions. The physicians of our practice offer evaluation and treatment for pelvic pain, breast problems, urinary leakage, and prolapse. Performance of procedures such as urodynamics, endometrial biopsy, colposcopy, LEEP, bone density scans, ultrasounds, endometrial ablations, hysteroscopy, and cystoscopy are all offered in the office setting utilizing the most advanced diagnostic technology. A broad range of gynecologic surgical services is offered. Inpatient surgical procedures are performed at Northside Hospital. Our practice has fully implemented electronic health records.

We have moved into our new

office conveniently located next door to Northside Hospital. Please visit us online at premiercareforwomen.com and view the videos of our physicians to learn more about our practice.

Sujatha Reddy, MD
